2.4.2 Construction Experience in Key Activities

May be complied with by the Bidder or by Specialist Subcontractor. If Specialist Subcontractors are proposed by the Bidder for key activities, each Specialist Subcontract must have experience in related key activity as a single entity.

If the key activity is to be undertaken by a Specialist Subcontractor, the Employer shall require evidence of the subcontracting agreement from the Bidder.

Criteria Requirement	Compliance Requirements		Documents
	Single Entity or Its Specialist Subcontractors	Joint Venture or Its Specialist Subcontractors	Submission Requirements
For the above or other contracts executed during the period stipulated in 2.4.1, a minimum construction experience is required in the following key activities:	Must meet requirement	Must meet requirement	Form EXP – 2
LOT-1			
Construction of rapid sand type water treatment plant's works of min. capacity as 20 MGD including Plain Sedimentation Tank Works, Flash Mixer and Flocculation Chamber Works, Clarifier Works, Rapid Sand Filter Works, Sludge Holding Tank Works, Belt Filter Press Works, and Chlorine Contact Tank and TWT Works within any one year			
Structural Excavation in Hard Rock. 550 Cu.m within any one year			
RCC in foundation, retaining walls, roof slab, beam, column & other structural members, insitu or precast. (1:1:2) 800 Cum within any one year			
Building works For rapid sand filtration type water treatment plant of minimum 05 MGD or above capacity within any one year			
Electrical and mechanical Works For rapid sand filtration type water treatment plant of minimum 05 MGD or above capacity within any one year			
Formation of Embankment from Borrow Excavation in Common Material. 25000 Cum within any one year			
Construction of External Sewerage and Drainage System Works. For rapid sand filtration type water treatment plant of minimum 05 MGD or above capacity within any one year			
Installation and commissioning of SCADA System Works.			

Criteria Requirement	Compliance Requirements		Documents
	Single Entity or Its Specialist Subcontractors	Joint Venture or Its Specialist Subcontractors	Submission Requirements
For rapid sand filtration type water treatment plant of minimum 05 MGD or above capacity within any one year			
LOT-2			
Excavation and Back filling from available Material at site. 150,000 Cu.m within any one year			
Providing and Laying of local sand filling around the pipes including compaction. 60,000 Cum within any one year			
Providing, laying, cutting, jointing, testing and disinfecting High Density Polyethylene Pipe (HDPE) of minimum 100 mm diameter or above in trenches. 100,000 meter within any one year			
Providing and Fixing of MS pipe of minimum 750 mm diameter or above for the Supply Mains and Transmission Mains including proper welding of Joints. 70,000 meter within any one year			
Initialization and Commissioning of Pumps and Chambers. Minimum of 5 pumps of 25 KW or above within any one year			
Initialization and Commissioning of washouts/air valves and Chambers. Minimum of 10 valves of 75 mm Dia. or above within any one year			
Construction of Thrust Block and Concrete Surround. 2,000 Cu.m or above within any one year			
Construction of Thrust Boring Minimum 750 mm Dia. pipe or above			
Construction of surface Water Tank and Rehabilitated of the Existing Tanks. 200,000 Gallons 01 No within any one year			
Construction of Over Head Reservoir 200,000 Gallons 01 No within any one year			
Construction of Pipe Bridge Crossing Minimum 750 mm Dia. pipe or above within any one year			
Construction of Intake Structure 20 MGD inflow or above within any one year			
Installation and commissioning of Solar on Grid System Minimum of 60 KW capacity or above capacity within any one year			

Criteria	Compliance Requirements		Documents
Requirement	Single Entity or Its Specialist Subcontractors	Joint Venture or Its Specialist Subcontractors	Submission Requirements
Installation and commissioning of SCADA System Works. For water supply system scheme of minimum 05 MGD capacity within any one year
